

## HONORS 381

## INQUIRY CONTRACT

### **HONR 381: Major-Related Independent Activity** (0-3 credits; may be repeated twice)

To register for HONR 381 (for credit or not), you must secure approval from a faculty member, utilizing the existing Independent Study Authorization Form (See "Independent Study Procedures" in the Undergraduate Catalog.), and also complete this HONR 381 contract. Submit a copy of the complete Authorization form and this Contract to the Honors Director to ensure enrollment in HONR 381 for the appropriate number of credits.

*When taken for credit*, this Inquiry documents independent initiatives related to the curriculum of the major (or other academic discipline) that are additional to the requirements.

If this activity is already required by the major department, HONR 381 will *not* result in additional credit, but serve only as a completion marker for the Honors Program requirement, using the grade of P.

### I. SUMMARY OF ASPIRATIONS

Explain your plans and aspirations following your graduation from Christopher Newport. Be as specific as possible. Feel free to speculate.

### II. INQUIRY PURPOSE

Describe the role / connections of HONR 381 to your plan. Identify at least one faculty member of other supervisor responsible for guiding and evaluating your work. Describe your work as fully as possible. Explain how this Inquiry may connect with subsequent Inquiries and your overall plans and aspirations.

### III. INQUIRY PLAN

Attach a copy of the Independent Study Authorization Form already approved by the supervising professor and department chair.

### IV. HONORS DIRECTOR APPROVAL
