

## HONORS PROGRAM RESEARCH SUPPORT GRANT

As part of its effort to encourage academic initiative, the Honors Program is offering a total of \$2000 in grants to help Honors Students defray expenses connected with important research during the semester—whether it be supervised research in the major, or projects assigned in major classes or Honors Seminars. If your project requires the purchase of materials, travel to specific sites, etc., you may apply. There is no minimum or maximum amount, but we try to assist as many students as possible, so some proposals may be partially funded.

To apply, deliver **two copies** of this cover sheet, a 250-word abstract of your research project, a statement of the importance of the project to long-term goals such as graduate school, and a description of projected expenses and amounts to Dr. Jay Paul (Ratcliffe 228) at any time during the academic year. Print clearly or type directly onto the form. You must have the written consent of the faculty member overseeing the project. **KEEP A COMPLETE COPY OF THE PROPOSAL.** If you have questions, phone Dr. Paul at 594-7072 or email him at [jpaul@cnu.edu](mailto:jpaul@cnu.edu)

Full Name \_\_\_\_\_ Date Submitted \_\_\_\_\_

Email \_\_\_\_\_ Local Phone \_\_\_\_\_

Social Security Number \_\_\_\_\_

Descriptive Project Title

---

---

What course requires this project? (List department, course number, title, and name of instructor, as appropriate.)
